News Release

Gulfstream, Challenger and Global Express Landing Gear Capability Added by Aerospace Turbine Rotables, Inc.

Wichita, KS, March 25, 2015 – Aerospace Turbine Rotables, Inc. (AeTR), a wholly owned subsidiary of First Aviation Services Inc., has significantly expanded its heavy corporate jet landing gear capability by the addition of Gulfstream, Challenger and Global Express to its already extensive service offerings.

AeTR is a recognized leader in the repair and overhaul of landing gear for some of the world's most popular FAA certified aircraft for corporate and military applications including King Air, Beechjet, Premier, T-6 Texan II, Pilatus, Citation, Twin Commander, Fairchild and Piper aircraft.

"We look forward to providing additional options to corporate and military operators of Gulfstream, Challenger and Global Express aircraft." says Dave Seavey, Vice President and General Manager of AeTR. "It has been a long term goal of ours to add this capability and we see it forming a major part of our operations going forward."

About Aerospace Turbine Rotables Inc. (www.turbinerotables.com)
