NEWS RELEASE

Aerospace Turbine Rotables, Inc. Completes Major Expansion in Wichita, KS

Wichita, KS, August 2015 – Aerospace Turbine Rotables, Inc. (AeTR), a wholly owned subsidiary of First Aviation Services Inc., announces the relocation to its new facilities at 1919 East Northern Street, Wichita, KS is complete with full FAA, EASA and DOT approval.

With nearly two acres under roof, the facility has gone through a comprehensive fit up to permit a doubling of AeTR's operational capacity and to accommodate the firm's continued growth. Over the last few years AeTR has successfully introduced new capabilities in each of its major product lines including landing gear, structural repairs, hydrostatic testing, flight control systems, safety equipment, electronics, and hydraulics, as well as further expanding across new platforms such as Gulfstream, Global Express, Challenger and Learjet.

"We are really gratified with the new facility as well as the move executed by our extraordinary team. The few delays to customers' shipments were held to an absolute minimum and we reached full capacity well ahead of plan. We have a work environment that will thrill our customers as much as our team members who take great pride in their work environment" says Dave Seavey, Vice President and General Manager of AeTR.

About Aerospace Turbine Rotables Inc. (www.turbinerotables.com)

Aerospace Turbine Rotables, Inc.
